Like many great companies, Kona Tanning Company began in the kitchen. In 2005, an enterprising young couple named Katie and Kenny returned home from their Hawaiian honeymoon, tired of striking out with tanning beds and smelly spray tans that didn't complement redheaded Katie's fair skin and freckles. They decided to customize a formula just for Katie, and then went one step further by adding skin nourishing ingredients and extracts. Their efforts to create the best sunless tanning products available have solidified a Kona Tan as a security blanket for those continuously in the public eye, fashion and media tastemakers, and those with in distance of a Kona Tanning studio. Kona Tanning products can be found in luxury spas and salons worldwide.
